FOR IMMEDIATE RELEASE

Goodspeed Oil Acquired By Flyers Energy

Auburn, CA – February 9, 2015 –Flyers Energy, LLC (<http://www.4flyers.com/>) has completed the acquisition of Chevron lubricants distributor RE Goodspeed & Sons Distributing of Hesperia. Goodspeed comprises cardlocks, bulk fuel, bulk lubricant services, and transportation. Both Flyers and Goodspeed are family-owned.

Following in his father's footsteps of wholesale fuel distribution, Raymond E. Goodspeed founded his own company in 1980 in Hesperia as a Chevron distributor. Four of Raymond's children and one grandson eventually went on to run and work in the business. "We found Flyers Energy to be the best company to continue the service, customer care and superior products the Goodspeed companies have been providing the past 36 years," they said in a joint letter to customers announcing the sale.

Flyers currently distributes branded lubricants throughout California and across northern Nevada. The Goodspeed acquisition allows Flyers to expand their lubricants business into the high desert. This marks the fifth acquisition in about two years for Flyers.

"Our plan for the near future is to consolidate the acquisitions we've made over the last two years as we continue to look for specific opportunities in the West that build upon our existing footprint," Managing Partner Walt Dwelle said of upcoming acquisition plans.

Parties interested in a confidential conversation about selling their business should contact Curt Rocca at DCA Partners, Flyers' outside acquisition representative, at (916) 960-5353 or by e-mail at crocca@DCAparters.com.

About Flyers Energy LLC

Flyers Energy, LLC operations include transportation, commercial fueling, distribution of passenger car, heavy duty, and industrial lubricants, wholesale and branded retail fuel, as well as generation of renewable fuels and power in the United States. The largest member of the Commercial Fueling Network, Flyers is also the marketer for Chevron, Shell, Valero, and 76 branded fuel stations, and offers commercial fueling at 230,000 retail gas stations nationwide with the Flyers Fleet Card.
